What is LUCA?

- 2020 Decennial Census voluntary geographic partnership operation
- An opportunity for tribal, state, and local governments to review and update the Census Bureau's Address List for residential addresses
- Authorized by the [Census Address List Improvement Act of 1994 \(Public Law 103-430\)](#)

Why is LUCA participation important to the 2020 Census?

- Results are used to improve the Census Bureau's Address List
- Accuracy and completeness of the address list is critical to the accuracy and completeness of the census

Why participate in LUCA?

Census data are used to:

- **Apportion** seats in the House of Representatives
- **Distribute** 400 billion annually in federal funds to state and local governments for over 1000 programs
- **Provide** statistical support to fund community projects, improvements, and enhancements
- **Help** your community plan for future needs

What's New!

- **Offers** streamlined participation – Full Address List Review
- **Requires** residential multi-unit structure identifiers (Apt 1, Apt 2)
- **Provides** the digital address list in standard software format
- **Includes** ungeocoded address records for State and County participants
- **Includes** residential structure coordinates
- **Allows** participants using the Geographic Update Partnership Software (GUPS) or the digital address list format to submit residential structure coordinates

When does LUCA begin?

January 2017

- **Advance Notice**

- Mailed to Highest Elected Officials (HEO) and Tribal Chair (TC) and other LUCA contacts
